NEWBORN, MATERNITY OR MUMMY/DADDY WITH LITTLE LOVE

Mini

This Mini Collection has been designed to allow for a quick and easy photo session with just a few special images, at a lower cost than other packages. When booking for a Newborn Mini, please bare in mind that this session does not allocate extra time for outfit changes, feeds, snacks and drinks for Mum etc – which are all offered in a full Newborn Collection, where this is a lot more time to relax. If you feel like you would prefer that experience, please take a look at the full Newborn Collection packages. Please ensure baby has been changed, fed etc just prior to your session for ease. Do not stress if baby does need to have another nappy change in session 😊 This time will not be deducted from your session. Things happen!
